

SCHOOLS AS LABORATORIES FOR LEADERSHIP CHANGE

DESIGNING A SHARED LEADERSHIP INITIATIVE FOR YOUR
SCHOOL

NAIS 2018

Create - Transform - Disrupt

Using 2 cards, take any # of elements from each card and use this to create a new object or idea

Activity 3: Build a Network and Collaborate (10 Minutes) (lead by ~~W/K~~)

Based on what was posted, find 2-3 others whose thinking (or context and constraints) are similar and form a team/network to lean on as you dive more deeply into what your Entrepreneurship program/course might look like.

Activity 4: Design Your (Group's) Entrepreneurship Program and Pitch (30 Minutes + 10)

(lead by ~~BESEBOW/K~~ and don)

Some technical questions to consider:

Who is a person at your school who would be interested in facilitating

What space could be used in your school

List/think of 5 community members (parents, alumni, board members, family members of faculty) who would be willing to be consulted as experts/guests/mentors/pitch panelists
How do you make it fit in the schedule?

Ask table groups to share with each other with about 5 minutes left. Ask for 1-2 volunteers to share with the entire group.

Each group presents pitch to whole class. Feedback I like/I wish/What if? (lead by don)

I Like!

I Wish!

What if?

Activity 5 Innovation Challenge -DISRUPTUS (lead by don)

Get back to the original game, step away from the course design and engage, once again, in some entrepreneurial design/thinking.
