SCHOOLS AS LABORATORIES FOR LEADERSHIP CHANGE

DESIGNING A SHARED LEADERSHIP INITIATIVE FOR YOUR SCHOOL

NAIS 2018
SHARED LEADERSHIP
shared leadership
WHAT IS IT?

Notes
Create - Transform - Disrupt

Using 2 cards, take any # of elements from each card and use this to create a new object or idea

EXAMPLE

![Bike](image1.png) + ![Rope](image2.png) = ![Swing](image3.png)

YOUR NAME:

NAME THIS OBJECT:

WHAT IS THE OBJECT'S NEW FUNCTION?

SKETCH YOUR RESULT HERE:
Activity 1: Innovation Challenge -DISRUPTUS (10 minutes)

Activity 2: Frame Your Shared leadership Program (30 minutes).
Individual task (though leaning on others) to think about one’s own institution.

What is the problem you are trying to solve?

________________________________________________________________________
________________________________________________________________________

Frame your problem as a design question.

________________________________________________________________________
________________________________________________________________________

State the ultimate impact you are trying to have (what does success look like)?

________________________________________________________________________
________________________________________________________________________

What are some possible ideas to address your problem (think broadly)?

________________________________________________________________________
________________________________________________________________________

Write down some of the context and constraints that you are facing (age range, demographics, type of school, organizational mission, etc.).

________________________________________________________________________
________________________________________________________________________

Before you move on, does your original design question need a tweak?

________________________________________________________________________
________________________________________________________________________
Activity 3: Build a Network and Collaborate (10 Minutes)

Based on what was posted, find 2-3 others whose thinking (or context and constraints) are similar and form a team/network to lean on as you dive more deeply into what your Shared Leadership program might look like.

Activity 4: Design Your (Group’s) Shared Leadership Program and Pitch (30 Minutes + 10)

Some technical questions to consider:

Who is a person at your school who would be interested in facilitating?

What space could be used in your school?

List/think of 5 community members (parents, alumni, board members, family members of faculty) who would be willing to be consulted as experts/guests/mentors/pitch panelists

How do you make it fit in the schedule?
In table groups, share.

Each group will present pitch to large group.

Feedback I like/I wish/What if?

I Like!

I Wish!

What if?

Activity 5: Innovation Challenge -DISRUPTUS (10 minutes)

Get back to the original game, step away from the course design and engage, once again, in some entrepreneurial design/thinking.
Create - Transform - Disrupt

Using 2 cards, take any # of elements from each card and use this to create a new object or idea.

EXAMPLE

<table>
<thead>
<tr>
<th>Card 1</th>
<th>Card 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bike</td>
<td>Rope</td>
</tr>
</tbody>
</table>

= Swing
